The music for the occasion was furnished by the choir of Ascension Church, assisted by the choir of Monumental Church, under the direction of Professor Benjamin J. Potter. Among the songs rendered were processional hymn. 491, the "Gloria," an anthem, "Unfold, Ye Portals," and recessional, hymn 520.

The new church is a neatly built structure of brick, with an auditorium for church services on the second floor, and an attractive Sunday school

floor, and an attractive Sunday school room below. The plans for the edifice have been under consideration for some time. The committee having the building in charge was composed of James C. Bowman, Dr. Paul Redd and Shields M. Bishop.

Up to the present time the congregation has been worshiping in a small chapel on the Meadow Bridge Road, near Second Street. Rev. James E. Poindexter was paster until a few months ago, but since his resignation no rector has been secured. It is understood that steps will be taken to call a regular rector at once.
